

Are you looking for an unusual gift

If you are looking for an unusual gift or just love wondering through local art and craft markets then check out the all new Tuggeranong Indoor Community Market.

It's a vibrant new indoor community market offering arts, craft, jewellery, collectibles, home wares, exotic items, aromatherapy, lead-lighting, scrap-booking supplies and much more.

At the Tuggeranong Indoor Community Market you'll see hard to find, unique, and some truly individually designed products. A hand stitch or two may be visible, but this is one of the things

that makes the product unique because the human element is apparent, which is priceless.

Handmade items are special and the recipient will take notice that you thought enough of them to get something truly unique.

The Tuggeranong Indoor Community Market is located indoors at the Tuggeranong Community Centre on the foreshore of Lake Tuggeranong, next door to McDonald's and a stone's throw from the Hyperdome Shopping Centre.

Why not visit the Market, enjoy a cuppa at the Jetty Cafe, take a stroll along the lake, and enjoy the

community atmosphere of Tuggeranong.

From the unusual to the unique, there is always an impressive showcase of handmade arts and craft on display with plenty to appeal to both locals and visitors.

The market is open on the following dates:

- October 28
- November 25
- December 16
